Description:

Early map of th British Isles, from Munster's Cosmography.

Includes several small vignettes and names Edinburg and Dover. Munster's Cosmography was one of the most influential georgraphical works of the 16th Century. It was published in a number of editions over a half century and was continuously revised and updated to include new illustrations and updated information.

Detailed Condition:

Hibernia

Tuedam,& medio Ordolucis montibus,quos uulgo appellant Cheuiet.
