Description:

A gorgeous example of Flemming's 4 sheet map of the United States, exhibiting in fabulous detail the early US territorial borders, Indian Districts, Forts, early routes of the Transmississippi explorers and other details. Includes the various European colonies in Texas, many Indian tribes, forts, missions, roads, and other details. Too much good material to mention. Includes a very unusual tomahawk shaped Indian Territory and massive Minnesotah and Missouri Territories. Excellent topographical details, some real, some conjecture. One of the great pre-Gadsden Purchase atlas maps. Expertly joined on linen. Not in Wheat. A scarce map, rarer yet with the 4 sheets joined.
