**Map of Puget Sound -- Circles Showing Radius From 10 to 50 Miles**

The map is apparently quite rare, with OCLC listing only the example at the Bancroft Library (UC Berkeley). We have dated the map based upon the Bancroft listing, which indicates the map was "published in the 1880s."

**Detailed Condition:**

Laid on linen. Paper and linen have thinned in the margins, with a bit of loss at the neat line, but the map image is almost completely unaffected.
