Description:

Decorative full color example of Tallis' map of the United States.

The map shows an oddly configured Texas and New Mexico, pre-Indian Territory region called Western Territory, massive Missouri Territory, odd elongated Nebraska Territory extending to Canada and other odd borders. Vignettes of Washington, Franklin, the Washington Monument, a Buffalo Hunt, Indians trading with settlers and two other vignettes.

Engraved for *R. Montgomery Martin's Illustrated Atlas*. Tallis was one of the last great decorative map makers. His maps are prized for the wonderful vignettes of indigenous scenes, people, etc. One of the best decorative mid-19th Century maps of the United States.
