Description:

First edition of Speed's double hemisphere map of the World.

Speed's map is based upon Grent's extremely rare map of the world published in London. The map is one of the earliest attainable world maps printed in English. The map shows California as an island, an unusual NW Coast of America, conjectural Magellanica or The Southerne Unknowne Land and extraordinary early detail throughout the map. It is surrounded by smaller celestial hemispheres, figural representations of Water, Earthe, Aire and Fire, a number of celestial phenomena & portraits of early explorers. Includes several lengthy notes on the South Pole & Straits of Magellan.

One of the most sought after of all world maps.

Detailed Condition:

Soiled. Marginal repairs in top and bottom right corners, not affecting printed image.
