### Description:

A scarce map of the eastern Gulf of Mexico, coast of Baja California and the Gulf of Mexico and the Pacific Coast of Mexico, from a late French Hydrographical atlas.

The map extends north to the Bay of San Diego in California and to the Soconusco Volcano on the Isthmus of Tehuantepec. On the Gulf of Mexico side, the map extends beyond the R. Mermentao in western Louisiana and includes many placenames and soundings in Texas. Texas is named. A very scarce coastal chart, rarely seen on the market.
