Price: SOLD

Description:

Large map showing the progress of the Railroad in the eastern and central parts of the United States up to 1849.

Outline map of the eastern half of the United States indicating drainage, state boundaries, major cities, and constructed and contemplated railroads. The southern portion of map indicates proposed shipping routes to points in the West Indies and Middle America. This is one of the earliest government maps of the entire US to show the national railroad network.
