Description:

Rare set of 3 maps of Mexico, from Rogers & Johnston's rare *Atlas of the United States*.

The maps are in fact sections from a larger wall map of the United States & Mexico, published by Rogers & Johnston. Conceived as a collaborative effort between W & AK Johnston (of London) and H.D. Rogers (of Boston), the project began with a wonderful wall map of the United States in 1856, which Rumsey describes as one of the most beautiful maps of the period.

Detailed Condition:

3 maps, unjoined.
