Description:

Elegantly engraved & detailed map, taken based upon Tanner's work in the early 1840s. Shows counties, towns, roads, canals, lakes, etc. Detailed insets of Lexington & Environs, Falls of the Ohio and the Ohio from Charlestown to Clarksburg. While often referred to as the German Mitchell, this characterization is unfair, as the work appears to be a collaborative effort which predates the sale of Tanner's plates to SA Mitchell. Of great interest is the suggestion that the work was published
