**Eastern Part of St. George's Sound Florida From a Trigonometrical Survey . . . 1859
(Rare separately issued variant edition)**

Stock#: 32346mb
Map Maker: United States Coast Survey
Date: 1859
Place: Washington
Color: Hand Colored
Condition: VG
Size: 28 x 23 inches
Price: SOLD

Description:

Extremely rare 1859 variant edition of the Eastern Part of St. George's Sound, from the US Coast Survey.

The present example reads "Electrotype copy no. 1 by G. Mathiot, U.S.C.S."

The map covers James Island, Crooked River, Dog Island and the eastern part of St. George Island.

We note below two known editions of the chart. The present example seems to be a later variant of the 1859 edition, which among other things adds the name "James I."

OCLC locates only 1 example of this edition of the map (State Library of Florida) and 1 example of the 1858 edition (State Library of Florida).

Detailed Condition:

Minor discoloration along right side and evidence of a fold break where the oversized chart was folded once near the inner neat line, which have been repaired using archival materials.
