### Description:

Rare map of the United States published by the United States Coast Survey, showing "the limites of the loyal states" and the regions occupied by the United States as of March 1, 1862 and May 15, 1862.

This would appear to be the first edition of this sketch map of the United States, showing the territorial progress of the Civil War. A later edition of the map was issued in July 1862 (progress to July 15, 1862), as well as editions of 1863, 1864 and 1865. All editions of the map are rare, with no examples appearing at auction or in dealer catalogs going back over 30 years. Sabin notes only the 1865 edition. OCLC shows 2 institutional copies (Library of Congress and Penn State).
