### Description:

Rare map of the Philippines and Southeast Asia, which appeared in Boisseau's *Tresor des carte Geographiques*, published in Paris.

The map is based upon Jansson's map, published in his *Atlas Minor* in 1628.

The map provides a fine detailed treatment of the region and perhaps most notably, a very curious treatment of the Philippines.

The map is extremely rare, with no appearances in AMPR in the past 25 years.
