### Description:

Nice map of Southern New England, published to accompany the Report of the Massachusetts Railroad Commissioners 1874.

Detailed Railroad map of Massachusetts and surrounding states, including all of Rhode Island and Connecticut as well as portions of New York (encompassing both New York City and Long Island ), New Jersey, New Hampshire, and Vermont.

The map focuses on the railroad lines spread in a web across the Northeast Corridor. Each stop along the lines is clearly marked, making this an informative document of the interconnectedness of towns in southern New England.

This is one of the earliest obtainable editions of the map, which was periodically re-issued for at least 25 years.

### Detailed Condition:

A few minor fold tears
