### Description:

Interesting map, with a chart showing the claims of Russia, Prussia and Austria and the various annexations. Payne's Universal Geography is one of only a hand full of atlases published in the United States in the 18th Century and is now quite highly sought after by collectors, as an example of 18th Century American Printing. One of the earliest maps of this region printed in America. One of the earliest maps of this region printed in America.
