Description:

Gorgeous example of Hartmann Schedel's incunable view of Passau from the Latin edition of Schedel's *Liber Chronicum*, perhaps the single most influential secular illustrated book of the 15th Century and one of the landmark printed works of the 15th Century.

Schedel's view of Passau is one of the earliest obtainable views of the City and realistically the only large format 15th Century illustration of the city available to collectors. The Latin edition preceded the German edition to market and is therefore regarded as the first edition.
