Description:

Fine large format map of the United States, featuring vignettes of historical events during the American Revolution and a 1970s style art motif.

In addition to Revolutionary War related facts, the map shows information on the California Missions, the exploration of Alaska and Hawaii by Captain James Cook, the course of Bruno de Heceta y Dudagoitia along the Northwest Coast of America in 1775, and many other interesting factoids about American history during the Revolutionary War era.

A fine decorative map, one we have never seen on the market prior to this example.
