Description:

Second state of Du Val's scarce map of Canada, the Great Lakes and Northeast, based upon Sanson's earlier maps of the region.

Excellent example of the open ended Great Lakes to the West. Clearly shows a Northwest Passage through Hudson's Bay. Extends south to Virginia and names Florida.

The states can be identified as follows:

- State 1 (1660): No Indian Tribe names in the west.
- State 2 (1661): Nation des Puants appears in the west.
- State 3 (1672): Mer de Canada appears about Mer De Nort--many new place names.
- State 4 (1687): Plate number 8 at lower right corner.
