### Description:

Striking large format map of Asia, first published by Hubert Jaillot.

First issued in 1674, this two sheet map of Asia provides a highly detailed picture of the continent, based upon the geographical compilations and work of Nicolas Sanson which remained unpublished at the time of his death. Jaillot conceived in 1674 of the re-issue of Sanson's major work (published and unpublished) in an enlarged format.

The maps were issued as early as 1674 and were later jointly issued by Mortier and later by Covens & Mortier, in Amsterdam.
