Description:

Very scarce regional map of Poland and the Ukraine, showing the region traversed by the Bug River and centered on Braclaw.

Shows rivers, roads, towns, castles, forests, lakes and a host of other details. Quite possibly the most detailed map of this region to appear in an 18th Century Atlas. From Von Reilly's exceedingly scarce *Schauplatz der funf Theile der Welt*. Von Reilly & Schaembl led a revival of map making in Vienna in the late 18th Century which included this and several other sought after works.
