Description:

Decorative map of the northern part of Africa, published in Amsterdam by Jansson.

This decorative map of the whole of North Africa covers from Morocco to the Nile delta, with considerable spurious detail in the interior. The land is filled with all kinds of charming detail, including a pair of fanciful dragons, elephants, ostriches, antelopes and monkeys. An interesting little barge lies at the mouth of the Nile.

The map is further embellished with decorative title and scale of miles cartouches and a compass rose.
