Description:

Detailed large format map of Persia, extending north to Georgia. Shows Armenia and part of the Sea of Aral. Also shows the Persian Gulf, Arabian Sea, and the mouth of the Indus Sinde or Nilab River.

Remarkable detail for the period. A number of early tribal, village and provincial names appear throughout the map.

Pinkerton's now rare elephant folio atlas is one of the best engraved works of the period. While lesser known than the more common atlases by Cary & Thomson, it is a superior work, especially in the detail of the maps.
