**Description:**

Scarce map of the Western Hemisphere from Bodeneur's rare *Atlas Curieux*.

This map was part of a comparative cartography section of the Atlas, which contrasted the mapping of the Western Hemisphere by the Dutch and the French.

This map is shows California as an Island on the Briggs/Goos model, with ho Northwest Coastline west of California. South America is badly distorted. No sign of the Great Lakes.

A partial New Zealand Coastline is present, but no sign of Australia. Almost no sign of New Guinea. There is no land south of Tierra del Fuego in the Antarctic region.
