Description:

Gorgeous map of Australasia, including New Holland (Van Diemen's land no longer attached), New Zealand, New Guinea, the Solomon Islands, New Caledonia, Fiji, the New Hebrides, etc., from the rare Philadelphia edition of the map.

Without question, one of the best maps of the period, both in style and detail. A number of early discoveries in Australia are noted.

One of the best regional maps of the area to appear in an English Atlas during the period. Pinkerton's now rare elephant folio atlas is one of the best engraved works of the period. While lesser known than the more common atlases by Cary & Thomson, it is a superior work, especially in the detail of the maps.
