Description:

Handsome hand-colored map of Europe, based on the geography of the French master cartographer Nicolas Sanson.

The map comes from the *Atlas Contractus sive Mapparum Geographicarum Sansoniarum*, a semi-stable composite atlas published by Valk & Schenk from plates coming from the stock of Jan Jansson.

The map was based on the similarly-titled production by Nicolas Sanson. Although Petrus Schenk is not credited in this image, it is likely that he played a role in its production, as publisher.

There is a flaming volcano shown in Iceland.

There is an additional title above the image: *L'Europe distinguee suivant l'estendue de ses principales parties...*

Detailed Condition:

Old Color, recently refreshed. Minor abrasions at centerfold and some areas of weakness reinforced on verso.
