The Siege of Vicksburg, Its Approaches By Yazoo Pass and other routes

note that:

This renders it difficult for the enemy to make a land attack on any point we might fortify, and the streams are in most places so narrow that two Gunboats cannot lay abreast in them.

In the center, a note describes how the Union Army sought to take the Yazoo River by breaching a Levee on the Mississippi River at Moon Lake, but was repulsed at Fort Pemberton.

The final note describes a land expedition undertaken for the purpose of getting to the rear of Vicksburg.

The map is exceptionally rare. We note only a single example offered for sale by M&S Books (\$4,750 in 1991 and again in 2000).

Detailed Condition:

Trimmed to neatlines at the sides, with some soiling.
