Description:

Rare outline color example of the first edition of Bradford's map of the West Indies and South Florida, with an inset of Bermuda.

Bradford's atlas was a departure from other atlases of the period. Along with HS Tanner, Bradford produced an elegant, well engraved large format atlas on high quality paper.

The 1830s were a fascinating transitional period in the US and in domestic cartographic publishing. Bradford's work is without question an important part of this era.

The maps were engraved by GW Boynton or S.Stiles, Sherman & Smith.
