Description:

Fine large format Railroad map of California, issued by the State Railroad Commission.

The map is remarkably detailed, identifying 15 operating lines (color coded) and providing remarkable detail throughout.

The inset of Los Angeles and Vicinity has been updated with an onlaid piece of paper over San Pedro Bay.

These maps were apparently issued periodically. We note editions of 1915, 1922 (OCLC locates 2 copies) and 1926 (3 copies).

Similar but different from Scarborough's California Map. Insets of San Francisco, Los Angeles, Sacramento and San Diego.
