Description:

Highly detailed map of West Point, published by the United States Coast & Geodetic Survey in Washington DC.

A highly detailed and accurate plan of the Military Academy extends to include the Delafield Reservoir, observatory and the Engineer's Gardens.

The map provides a finely detailed topographical treatment of West Point, along with a detailed accounting of the man made features.

This is a very early edition of the map, pre-dating the addition of the red overprinting locating the proposed new Academic Building and Gymnasium. Engraved from the original by H.C. Evans with title and lettering by E.A. Maedel.
