This is one of the earliest maps to locate Revelle College, following the founding of UCSD in 1960. By 1963, new facilities on the mesa had been finished for the School of Science and Engineering, and new buildings were under construction for Social Sciences and Humanities. The undergraduate program accepted its first class of 181 freshman at Revelle College in 1964. Muir College (1966, was not yet present).
