Description:

Fascinating map, showing excellent detail in Texas, Arizona and New Mexico.

Includes a badly misprojected Baja California, as was normally the case with French maps of the period..

Missions & settlements shown in the Texas interior. Indian tribes shown. Locates New Orleans & La Salle's 1665 location. Nice detail along Gulf Coast to east Florida.

One of the most recognizeable and collected maps of the region for the late 18th Century.
