### Description:

#### *Rare 1814 American Edition.*

Striking and highly detailed map of the Caribbean & South Florida, first published by John Pinkerton in London and later re-issued by Bradford & Inskeep and Moses Thomas in Philadelphia and New York.

Excellent topographical and geographical detail throughout. Massive Mayaco River shown in South Florida and excellent treatment of the Keys. The treatment of Cuba and the Bahamas are also noteworthy.

A rare American imprint.

One of the best large format early 19th Century maps of the Caribbean. Pinkerton's now rare elephant folio atlas is one of the best engraved works of the period. While lesser known than the more common atlases by Cary & Thomson, it is a superior work, especially in the detail of the maps.
