Description:

El Dorado Shown on Lake Parime -- Fine Old Color Example

Terrific early regional map of the Northeastern part of South America, extending from Trinidad and Margarita Islands in the north to the mouth of the Amazon and Lac Caribes or Parime.

The map shows towns, rivers, lakes, mountains, islands and other details. One of the earliest obtainable regional maps of this area.

The map is based upon the Jodocus Hondius / Walter Raleigh map of 1597, the first map to reflect the explorations of Raleigh and Kemyis in 1594 and 1596 and the first map to identify El Dorado on Lake Parime (Manoa o El Dorado).

Detailed Condition:
