Description:

Highly detailed map of Chile with a large inset of Isola De Tibra. The detail in the map is remarkable during this fascinating revolutionary period in South America.

One of the best regional maps of the area to appear in an English atlas during the period.

Pinkerton's now scarce elephant folio atlas is one of the best engraved works of the period. While lesser known than the more common atlases by Cary & Thomson, it is a superior work, especially in the detail of the maps.

Detailed Condition:

Some offsetting.
