**Price:** SOLD

### Description:

Early English map of the southern part of the British Colonies in America, New France, Louisiana, the Caribbean and Central America.

This is the first map of America engraved by Emanuel Bowen. The detail of the map is quite remarkable and the engraving quite refined. The annotations and detail in the map are also excellent for the period.

The map appeared in a rare work entitled *Geography Reformed* and would later appear in *Gentlemen's Magazine*.
