An early image of an Aztec idol as understood in Europe in the seventeenth century. This view appeared in John Ogilby's seminal atlas *America: Being the Latest, and Most Accurate Description of the New World*, published in London in 1671. Ogilby's work is an English translation of Arnoldus Montanus' *Die Nieuwe en onbekende Weereld...*, published in Amerstdam, although greatly expanded in some instances and with new maps and views. A nice dark impression.
