Description:

Striking full color example of the first edition Greenleaf's map of Louisiana, which appeared in Greenleaf's *Universal Atlas*.

The Parish system is still quite primitive, especially in the North and West, where 7 parishes dominate the region. The early roads are shown, although few traverse the state from north to south. The North and West are still dominated by Indian Lands and Prairie.

A nice example of this rare map, in gorgeous wash colors characteristic of Greenleaf's work.
