#### Description:

Fine early map of Bali, published in Amsterdam by Jacob Van Schley.

The map includes a key for important place names and the palaces of the King.

The map is based on a map published at the end of the 17th century, created by Willem Lodewijksz, a member of Cornelius de Houtman's pioneering voyage to the East Indies in 1595-97. Most of the subsequent maps of Bali produced by cartographers over the next two centuries are based on the Lodewijksz map.
