Description:

Rare First Edition of The Lucas Map of Maryland

Nice example of Fielding Lucas' early map of Maryland, from his *New & Elegant General Atlas of the United States* . . .

This is one of the earliest printed maps of Maryland and the first map of Maryland to appear in an Atlas published in Maryland (Baltimore). It is also likely the first printed map of the state to appear in full original color.

Striking example of Fielding Lucas' fine work, which distinguished him as the best publisher of the era.

This is the first time we have ever offered this first edition of the map.
