Description:

Rare map of Poland, showing its dismemberments.

The map is based upon an English map published by Thomas Kitchin, the Hydrographer to the King of England.

We locate several references in Polish bibliographies that identify Kitchin as the mapmaker, but the map is almost certainly published in Paris by an anonymous French engraver.

Detailed Condition:

Minor offsetting. One repair at left margin and minor toning along one fold, plus some minor loss at one fold intersection.
