### Description:

Striking map of Canada, colored by territories.

The map shows towns, rivers, lakes, mountains, etc.

Fielding Lucas produced the best engraved and most attractive of all general atlases published in America (the 1823 Tanner and 1825 Finley being Atlases of America). Prior to this work, Lucas had engraved maps for Carey and later Carey & Lea and had produced his *New & Elegant General Atlas*, a highly scarce early work.
