**Size:** 28 x 20 inches  
**Price:** \$295.00

### Description:

#### *One of the Earliest Maps To Show An Independent Venezuela*

Highly detailed map of Venezuela, Columbia and part of Brazil, extending south to cover most of the Amazon and its tributaries, during this fascinating revolutionary period in South America.

Highly detailed regional map, one of the best regional maps of the area to appear in an English Atlas during the period. Pinkerton's now rare elephant folio atlas is one of the best engraved works of the period. While lesser known than the more common atlases by Cary & Thomson, it is a superior work, especially in the detail of the maps.
