Description:

An excellent map of Alaska and the Northwest Coast of America, from Nootka sound to Behring's Strait and showing MacKenzies River.

The map provides an excellent look at the pre-1800 Northwest Coast of America, including conjectural coastlines and a number of early misconceptions. Alaskan Archipelago is referred to The Fox Islands. The map reflects the pre-Vancouver cartography of Cook and Dixon.

An excellent early map, not listed in Wagner, from *Malham's Naval Gazetteer*.
