Nice example of Coronelli's globe gore of Central America and environs.

Striking globe gore, extending from the Gulf of Mexico, the Yucatan and Cuba in the north, to Guatemala and Northern Colombia in the south, centered on Lake Nicaragua.

A marvelous dark impression, with Italian text below and on the verso, describing the region. Nice detail in Central America, the Yucatan and in the Caymans, Cuba and Jamaica.

Coronelli's globe gores are among the more famous and collectable of all 17th Century globe gores.

Detailed Condition:

Several ink smudges in the printed image -- likely the finger prints of the printer.
