Description:

Early English Map of Baja California

Scarce English edition of Venegas' map of Baja California and contiguous Mexico and parts of Southern Arizona along the Gila River.

This map was intended as an update of Fra. Eusebio Kino's map, produced by Consag and other Jesuit sources during the first half of the 18th century. The map is one of the most detailed and fanciful maps of the Baja, combining the knowledge obtained by the Jesuits of the Mission system.
