**Description:**

Nice example of Braun & Hogenberg's views of San Sebastian and Burgos, from Braun & Hogenberg's *Civitates Orbis Terrarum*, the most important book of town plans and views published in the 16th Century.

The foreground shows various city residents in contemporary costumes. The San Sebastian view includes an unusual image of a man hoisted upon a branch, with his body filled with arrows, as well as ship building in the foreground.

**Detailed Condition:**

Old Color. Some color offsetting and minor restoration.
