Description:

Finely engraved map of the World, from Jacques Nicolas Bellin's *Le Petit Atlas Maritime Recueti de Cartes et Plans des Quatre Parlies du Monde en Cinq Volumes*, first published in Paris in 1764.

The map shows Australia and New Zealand on the eve of voyages of Captain James Cook, which would substantially advance the European knowledge of the Coastal Regions. The Bay of the West is shown, with limited speculation on the Northwest Passage. The areas visited by the Russians along the coastline of the modern British Columbia are noted.
