Ruffner's map illustrates the region from Pueblo to Albuquerque and from Trinidad to Fort Defiance. The San Juan Mining region in Southwestern Colorado is illustrated with excellent detail, along with the rugged terrain on either side of the Rio Grande River.

The map illustrates numerous towns, forts, pueblos and other settled places. Among the roads illustrated is the proposed Wagon Road from the San Luis Valley, southwest through the mountains to the east side of the Gallena Mountain, down the Rio Puerco almost to Cerro Cabezon, then southwesterly to Blue Water, on the Road to Fort Wingate, west of Mount Taylor.
