### Description:

Detailed map of the Eastern Part of Canada, centered on the St. Lawrence.

Shows counties, townships, towns, rivers, lakes, etc. Morse & Breese's *North American Atlas* was a landmark in American Cartography, being the first atlas to employ the cerographic printing process, which would revolutionize the map trade.

The Morse family and this process are the subject of David Woodward's *The All American Map*. The maps were first printed in a series of inserts which appeared in the *New York Post*, and then later as a separate atlas.
