Description:

Stunning Pictorial Map of California.

Pictorial map of California by Darrel Millsap, produced for Home Federal Savings and Loan in 1973.

This is one of the more attractive pictorials of California that we have seen. The typography and overall look of the map are redolent of the era in which it was produced.

Millsap did another map of California for Home Federal, which we had in 2015: <https://www.raremaps.com/gallery/detail/41899>

Millsap (1931-2012) was a prolific, San Diego-based commercial illustrator. He produced pin-up-style cover art for pulp novels after he graduated from the Art Center College of Design in Pasadena. He retired in 1999 and passed away in 2012.
