World map and engraved title colored (few colors only), 2 further maps with borders of the cartouche, town symbols colored in green. Mounted on guards when bound.

All maps with German text on verso. Contains World Map (Shirley 197), continents, area maps of Africa (1), Asia (5), America (3), North Pole & North America. Winds map, other European countries (including Cyprus and Asia Minor, Navari 47 & 48) and German regional maps. The two maps 11 and 33 (*Germania* after Ortelius and Waldeck, QUA 2 and 21) are not yet replaced by the new maps QUA 76 and 77; on map 66 (Greece) the initial "E" is still printed inverted (corrected later).

Meurer, page 202, noting the importance of the atlas in Quad oeuvre:

Mit diesem Weltatlas mit 82 Karten geht er über den bisher vorgegebenen Rahmen hinaus. Diesem Werk kommt in der Kartengeschichte eine eminente Bedeutung zu. Es ist dies der erste Atlas in der von den niederländischen Editoren entwickelten Form, der in originaldeutscher Sprache erschienen ist.

[With this 82-map World Atlas, he goes beyond the limits set previously, and this work has eminent
